

Brennan

Richard Brennan is chairman, chief executive officer and founding partner of Camulos Capital LP. Until 2005, Camulos Capital was part of Soros Fund Management, where Brennan served as managing director of the special situations group. Before that, Brennan was managing director responsible for Merrill Lynch's European credit business. Brennan is a member of

Mulroy

Villanova's Parents' Committee and the President's Council: Transforming Minds and Hearts. He is the father of Villanova senior Courtney Brennan. **Thomas Mulroy** is a 1985 Villanova School of Business graduate. He serves as chief executive officer of T-Rex Capital LLC, a real estate investment firm that he co-founded in 1999. He previously was senior vice president of investments at Starwood Financial Inc. He also was senior vice president at Lazard Freres & Co.

Mulroy is a member of the Villanova University Major Gifts Committee, the Villanova Real Estate Advisory Council, the Villanova's President's Council: Transforming Minds and Hearts and is a President's Club adviser. Villanova University is a co-educational Roman Catholic institution founded by the Order of Saint Augustine in 1842.

• Stamford-based **Harman International Industries Inc.** has named **David Slump** as president of the consumer audio division and vice president of corporate development. He succeeds Richard Sorota who has left the company.

The company also named **Sachin Lawande** as chief technology officer, succeeding Helmut Schnagel.

Slump has more than 15 years of senior-level experience, most recently as senior vice president for energy management company Landis & Gyr Holdings, where he directed the company's global brand strategy and evaluated portfolio and architecture investments. He also held executive roles with General Electric and ABB Inc. Lawande most recently served as Harman International's chief innovation officer. He joined Harman International in 2006, after technical assignments at QNX

Software Systems, now a unit of Harman. He also worked with 3Com Corp. and AT&T Bell Laboratories.

Harman International designs, manufactures and markets audio products for the automotive, consumer and professional markets.
